GOLDEN DRAGON CAPITAL

LFP CATHODE MATERIAL

Market Research Report

Author: Brendan Jephcott

Date: May 2025

Table of Contents

Executive Summary 2
1.0 Introduction 13
1.1 Cathode Materials 13
2.0 Lithium Iron Phosphate Cathode Material 15
2.1 Structure of Phospho-Olivines 15
2.2 LFP Working Principal 15
2.3 LFP Product Performance 17
2.3.1 Advantages 17
2.3.2 Disadvantages 18
3.0 LFP Cathode Material Processing Methods 19
3.1 Principal LFP Production Processes 19
3.1.1 Solid Phase Synthesis 22
3.1.2 Liquid Phase Synthesis 27
3.1.3 High Energy Density Synthesis 30
3.1.4 Equipment 33
3.2 LFP Product Modification Methods 34
3.2.1 Nanoization 34
3.2.2 Carbon Coating 35
3.2.3 Doping 36
3.3 LFP Upstream Raw Materials 36
3.3.1 Lithium Carbonate 37
3.3.2 Ferrous Oxalate 41
3.3.3 Ferric Phosphate 42
3.3.4 Iron Powder 48
3.3.5 Iron Oxide 49
3.3.6 Ferric Nitrate 50
3.3.6 Phosphoric Acid 50
3.3.7 Monoammonium Phosphate 54
3.3.8 Carbon 55
3.4 LFP Final Product Specifications 56
3.5 LFP Cathode Material Cash Cost Analysis (1 USD ~ 7 CNY) 63
4.0 Chinese Lithium Iron Phosphate Standards 69
4.1 Lithium Iron Phosphate 69
4.1.1 GB/T 30835-2014 Carbon composite lithium iron phosphate cathode material for lithium-ion batteries 69
4.1.2 YS/T 1027-2015 Lithium iron phosphate 70
4.1.3 GB/T 33822-2017 Nano composite lithium iron phosphate 71
4.2 Lithium Iron Phosphate Upstream Raw Materials 73

Address: 4th Floor, 9 Queen's Road Central, Central, Hong Kong, China

Phone: +852 4647 0122
Email: brendan@goldendragoncapital.com
Website: www.goldendragoncapital.com

4.2.1 GB/T 11075-2013 Lithium carbonate ... 73
4.2.2 YS/T 582-2013 Battery grade lithium carbonate ... 74
4.2.3 YS/T 546-2021 High purity lithium carbonate ... 74
4.2.4 YS/T 1552-2022 Crude lithium carbonate ... 75
4.2.5 GB/T 23853-2022 Lithium carbonate made of brine ... 76
4.2.6 HG/T 4701-2021 Iron phosphate for battery minerals ... 77
4.2.7 GB/T 2091-2008 Phosphoric acid for industry use ... 77
4.2.8 HG/T 4069-2022 Wet purified phosphoric acid for industry use ... 78
4.2.9 HG/T 5742-2020 Ammonium dihydrogen phosphate for battery materials ... 79
5.0 Commercialisation ... 80
5.1 LFP Intellectual Property Rights ... 80
5.2 New Energy Vehicles ... 80
5.3 Energy Storage Systems ... 93
6.0 Competitive Landscape ... 96
6.1 China LFP Cathode Material Production ... 96
6.2 Overseas LFP Cathode Material Production and Proposed Projects ... 105
6.2.1 Asia (excl China) ... 105
6.2.2 North America ... 109
6.2.3 Europe ... 115
6.2.4 Africa ... 120
7.0 LFP Cathode Material Price ... 120
8.0 Market Size Forecast ... 125
Appendix 1: Hunan Yuneng New Energy Battery Material Co., Ltd ... 126
1.0 Hunan Yuneng New Energy Battery Material Co., Ltd ... 127
1.1 Corporate Overview ... 127
1.2 Cathode Material Production Bases ... 127
1.3 Principal Production Method ... 133
1.4 LFP Cathode Material Products ... 136
1.5 Upstream Layout ... 139
1.6 Cash Cost Analysis ... 141
1.7 Research & Development ... 144
1.8 Customers ... 148
1.9 Financials (1 USD ~ 7 CNY) ... 150
1.10 Competitor Analysis (1 USD ~ 7CNY) ... 153
References ... 154
Disclaimer ... 163
