

# Rare Earth Functional Materials Market Research Report

---

Date: February 2024

Author: Brendan Jephcott

Prepared by:

**GOLDEN** DRAGON CAPITAL

# GOLDEN DRAGON CAPITAL

## Table of Contents

1.0	Introduction .....	5
1.1	REE Commercial Applications .....	5
2.0	REE Functional Materials .....	7
2.1	Catalysts .....	9
2.1.1	Fluid Catalytic Cracking (FCC) Catalysts .....	10
2.1.2	Automotive Catalysts .....	12
2.1.3	Leading Catalyst Enterprises .....	14
2.2	Polishing Powder .....	14
2.2.1	Rare Earth Polishing Powder .....	15
2.2.2	Rare Earth Polishing Liquid .....	16
2.2.3	Baotou Tianjiao Qingmei Rare Earth Polishing Powder Co., Ltd .....	17
2.3	Glass Additives .....	18
2.4	Metallurgy .....	19
2.4.1	Rare Earth Alloys .....	19
2.4.2	Longnan Long Yttrium Heavy Rare Earth Technology Co., Ltd .....	21
2.5	Batteries .....	21
2.6	Phosphors and Pigments .....	24
2.7	Ceramics .....	28
2.8	Miscellaneous Applications .....	30
	References .....	31
	Disclaimer .....	33

## Table of Figures

Figure 1: Rare earths industry chain .....	5
Figure 2: LREE and HREE.....	5
Figure 3: High-purity REO powders .....	6
Figure 4: LREE and HREE end product applications .....	7
Figure 5: China Rare earths demand in H1-2022 (by sector).....	7
Figure 6: Global Rare Earths Consumption in 2022 (by sector), source: USGS .....	8
Figure 7: High-purity Nd-Pr-Ce-Zr oxide powder.....	10
Figure 8: REE FCC principal processing flowsheet.....	10
Figure 9: Fluid catalytic cracking catalyst application in petroleum industry.....	11
Figure 10: Rare earth auto catalyst.....	12
Figure 11: Lanthanum Yttrium Cerium Zirconium high-purity oxide powder.....	13
Figure 12: CeO <sub>2</sub> polishing powder (illustrative) .....	15
Figure 13: Cerium oxide polishing powder .....	16
Figure 14: Baotou Tianjiao Qingmei - Polishing powder product samples .....	17
Figure 15: Baotou Tianjiao Qingmei - Polishing powder product packaging .....	18
Figure 16: CeO <sub>2</sub> is commonly used as a glass additive .....	18
Figure 17: Longnan Longyi Heavy Rare Earth Technology Co., Ltd – Products .....	21
Figure 18: NiMH consumer battery .....	22
Figure 19: LaNi <sub>5</sub> hydrogen storage alloy .....	23
Figure 20: LaNi <sub>5</sub> hydrogen storage material.....	23
Figure 21: Rare earth phosphor material .....	24
Figure 22: Rare earth phosphor material commercial applications .....	26
Figure 23: Global production of rare earth phosphor material .....	27
Figure 24: China rare earth phosphor material demand.....	28
Figure 25: High-purity Y <sub>2</sub> O <sub>3</sub> (left), yttria-stabilised zirconia (right).....	29

## List of Tables

Table 1: Applications by REE.....	6
Table 2: Rare earth use by industry sector .....	8
Table 3: REE use in application by share .....	9
Table 4: China REE functional material production (2020 to 2022-H1).....	9
Table 5: Rare earth catalyst commercialisation uses .....	9
Table 6: Rare earth FCC product example .....	10
Table 7: REE application in FCC industry .....	11
Table 8: Emerging trends in FCC industry .....	11
Table 9: REE substitution in the FCC industry .....	12
Table 10: REE recycling in the FCC industry .....	12
Table 11: Rare earth auto catalyst product example.....	12
Table 12: REE application in automotive catalyst industry .....	13
Table 13: Emerging Trends in the Automotive Catalyst Industry.....	13
Table 14: REE substitution in the automotive catalyst industry .....	13
Table 15: REE recycling in the automotive catalyst industry.....	13
Table 16: Leading catalyst companies .....	14
Table 17: DKKK - REE oxide powders used in catalyst material.....	14
Table 18: REE Application in polishing powder industry .....	14
Table 19: Emerging trends in the polishing powder industry.....	15
Table 20: Baotou Tianjiao Qingmei - Polishing powder product specifications .....	17
Table 21: REE application in the glass industry .....	19
Table 22: REE application in the metallurgy industry .....	20
Table 23: Rare earth hydrogen storage industry development milestones .....	22
Table 24: REE application in the battery industry.....	22
Table 25: LaNi <sub>5</sub> hydrogen storage alloy (AB <sub>5</sub> type) .....	23
Table 26: La-Mg-Ni hydrogen storage alloy (AB <sub>3</sub> , A <sub>2</sub> B <sub>7</sub> (AB <sub>3.5</sub> )) .....	23
Table 27: China NiMH battery companies.....	24
Table 28: REE application in phosphor material .....	25
Table 29: Emerging trends in phosphor material industry .....	26
Table 30: REE application in pigments industry .....	27
Table 31: Global luminescent material enterprises .....	28
Table 32: REE application in ceramics industry .....	29
Table 33: REE applications for minor uses .....	30
