

# LITHIUM-ION BATTERY COPPER FOIL

---

Market Research Report

**Author:** Brendan Jephcott

**Date:** May 2024

## Table of Contents

Executive Summary .....	2
1.0 Introduction.....	6
1.1 Lithium-Ion Battery Copper Foil .....	7
1.2 Product Characteristics.....	9
1.2.1 Increased Energy Density.....	9
1.2.2 Higher Safety .....	10
1.2.3 Weaker Thermal Conductivity.....	11
1.3 Industry Chain.....	12
2.0 Principal Production Methods.....	13
2.1 Electrolytic Copper Foil Principal Production Method .....	13
2.2 Composite Copper Foil Principal Production Method .....	14
3.0 Cash Cost Analysis .....	17
4.0 Commercialisation .....	24
5.0 Competitive Landscape.....	28
6.0 Market Size Potential .....	34
6.1 Lithium-ion Battery Copper Foil Market Size Forecast.....	34
6.2 Composite Copper Foil Market Size Forecast .....	35
Appendix: Guangdong Jiayuan Technology Co., Ltd.....	37
1.0 Introduction .....	38
2.0 Lithium-ion Battery Copper Foil Business Operations.....	38
2.1 Company Products.....	38
2.2 Planned Production Capacity Expansions.....	41
2.3 Corporate Customers.....	43
2.4 Technological Innovation to Consolidate Market Position .....	45
2.5 Actively Introduce Domestic Equipment Suppliers.....	46
3.0 Financial Situation.....	47
References.....	49
Disclaimer .....	50

## Figures

Figure 1: Lithium-ion battery copper foil.....	6
Figure 2: Lithium-ion battery component materials.....	7
Figure 3: Comparison of traditional copper foil and composite copper foil safety features.....	11
Figure 4: Comparison of traditional copper foil and composite copper foil heat production features.....	12
Figure 5: Copper foil industry chain.....	12
Figure 6: Composite copper foil industry chain and representative companies.....	13
Figure 7: Electrolytic copper foil process flowsheet.....	14
Figure 8: Traditional and composite lithium-ion battery copper foil processing flowsheets.....	14
Figure 9: Electrolytic copper, PET, and PP unit prices (CNY per tonne).....	19
Figure 10: Electrolytic copper foil raw material and processing cash costs (2021 to 2025E).....	19
Figure 11: PET copper foil raw material and processing cash costs (2021 to 2025E).....	20
Figure 12: PP copper foil raw material and processing cash costs (2021 to 2025E).....	20
Figure 13: Three main copper foil products total cash cost (2021 to 2025E).....	21
Figure 14: Changes in lithium-ion battery copper foil processing fees in 2021 (CNY/kg).....	23
Figure 15: Zhongyi Technology — Lithium-ion battery copper foil product gross profit margins.....	23
Figure 16: China lithium-ion battery shipments (2015 to 2022).....	24
Figure 17: Global lithium-ion battery copper foil shipments (2015 to 2022).....	24
Figure 18: China lithium-ion battery copper foil shipments (2015 to 2022).....	25
Figure 19: Comparison composite image of traditional copper foil and composite copper foil.....	25
Figure 20: Lithium-ion battery copper foil product structure (according to product thickness).....	28
Figure 21: Distribution of China's lithium-ion battery copper foil companies in 2022 (by sales volume).....	29
Figure 22: Lithium-ion battery copper foil revenue of leading companies (2019 to 2022).....	30
Figure 23: Lithium-ion battery copper foil gross profit margins of leading companies (2019 to 2022).....	30
Figure 24: Lithium-ion battery copper foil sales of leading companies (2019 to 2022).....	31
Figure 25: Lithium-ion battery copper foil unit prices of leading companies (2019 to 2022).....	31
Figure 26: Lithium-ion battery copper foil market size forecast (2021 to 2025E).....	35
Figure 27: Composite copper foil market size forecast (2021 to 2025E).....	36
Figure 28: Jiayuan Technology — Yanyang Town, Meixian District, Meizhou City, Guangdong Province.....	38
Figure 29: Jiayuan Technology — 4 $\mu$ m lithium-ion battery copper foil product.....	39
Figure 30: Lithium-ion battery copper foil R&D expense ratio.....	40
Figure 31: Jiayuan Technology — top five customer share breakdown (2016 to 2021).....	43
Figure 32: Cathode roller equipment of Xi'an Aerospace Power Machinery Co., Ltd.....	46
Figure 33: Jiayuan Technology — company revenue (2016 to 2021).....	47
Figure 34: Jiayuan Technology — net profit attributable to parent company (2016 to 2021).....	47
Figure 35: Jiayuan Technology — gross profit margin and net sales profit margin (2016 to 2021).....	48
Figure 36: Comparison of gross profit margin of lithium-ion battery copper foil between peers (%).....	48

## Tables

Table 1: Mainstream commercial copper foil products.....	6
Table 2: Advantages and disadvantages of composite copper foil.....	8
Table 3: Comparison in battery energy density between battery copper foil products.....	8
Table 4: Comparison of physical and chemical properties of polymer base films.....	9
Table 5: Advantages and disadvantages of composite copper foil products.....	10
Table 6: Comparison of the composite copper foil principal production method types.....	15
Table 7: Comparison of the different composite copper foil principal production methods.....	16
Table 8: Comparison of raw material costs for traditional and composite copper foil (2021 to 2025E).....	17
Table 9: Comparison of total production costs for traditional and composite copper foil (2021 to 2025E).....	18
Table 10: Cash cost analysis of traditional electrolytic copper foil, PET copper foil, and PP copper foil.....	21
Table 11: 6 $\mu$ m copper foil cash cost.....	22
Table 12: Global lithium-ion battery copper foil demand side forecast (2020 to 2024E).....	27
Table 13: Lithium-ion battery copper foil company planned capacity expansions (2020 to 2024E).....	32
Table 14: Lithium-ion battery copper foil supply and demand forecast (2020 to 2024E).....	33
Table 15: Global lithium-ion battery copper foil supply and demand forecast (2020 to 2024E).....	33
Table 16: Lithium-ion battery copper foil market size forecast (2021 to 2025E).....	34
Table 17: Composite copper foil market size forecast (2021 to 2025E).....	35
Table 18: Jiayuan Technology — main products.....	39
Table 19: 4.5 $\mu$ m lithium-ion battery copper foil products by different companies.....	40
Table 20: Jiayuan Technology — planned production capacity expansions (2022 to 2025E).....	42
Table 21: Jiayuan Technology — customers.....	43
Table 22: Jiayuan Technology — long-term customer relationships.....	43
Table 23: Jiayuan Technology — core independent research and development technologies.....	45
