

ANODE MATERIAL

Market Research Report

Author: Brendan Jephcott

Date: February 2025

Table of Contents

Executive Summary	2
1.0 Introduction	15
1.1 Role of the Anode Material.....	15
1.2 Anode Material Product Types.....	16
2.0 Principal Production Methods.....	19
2.1 Processing Flowsheets	19
2.1.1 Natural Graphite Anode Material	21
2.1.2 Synthetic Graphite Anode Material.....	29
2.1.3 Silicon-Carbon Anode Material.....	33
2.1.4 Soft Carbon and Hard Carbon.....	34
2.1.5 Surface Modification of Graphite Anode Materials.....	35
2.2 Product Specifications.....	37
2.2.1 China National Product Standard (GBT 24533-2019)	37
2.3 Raw Materials	45
2.3.1 Natural Graphite Anode Material	45
2.3.2 Synthetic Graphite Anode Material.....	50
3.0 Rise of Graphitisation	58
3.1 Graphitisation Principal Processing Methods.....	58
3.1.1 Crucible Method.....	59
3.1.2 Box Method.....	65
3.1.3 Continuous Method	67
3.2 Graphitisation Commercialisation	72
4.0 Pricing.....	75
5.0 Commercialisation	79
5.1 Market Demand.....	79
5.1.1 EV Battery Growth	79
5.1.2 Silicon Based Anode Material.....	81
5.1.3 Fast Charging Battery Products.....	82
5.1.4 Solid State Battery Products.....	83
5.2 Market Supply	84
5.3 Competitive Landscape in China.....	88
6.0 BTR New Material Group Co., Ltd	102
6.1 Corporate Overview	102
6.2 Anode Material Business	102
6.2.1 Production Bases in China.....	103
6.2.2 Overseas Investments	108
6.2.3 Anode Material Production Methods	109
6.2.4 Anode Material Products.....	125
6.2.5 Upstream Layout	128
6.3 Customers	128
6.4 Financials (1 USD ~ 7 CNY).....	128

GOLDEN DRAGON CAPITAL

7.0	Ningbo Shanshan Co., Ltd	132
7.1	Corporate Overview.....	132
7.2	Anode Material Business	132
7.2.1	Production Bases in China.....	132
7.2.2	Overseas Investments	136
7.2.3	Anode Material Production Methods	136
7.2.4	Anode Material Products	148
7.2.5	Upstream Layout	150
7.3	Research & Development.....	150
7.4	Customers	151
7.5	Financials (1 USD ~ 7 CNY).....	151
8.0	Shanghai Putailai New Energy Technology Co., Ltd.....	152
8.1	Corporate Overview	152
8.2	Anode Material Business	152
8.2.1	Production Bases in China.....	152
8.2.2	Overseas Investments	155
8.2.3	Anode Material Production Method	155
8.2.4	Anode Material Products.....	156
8.2.5	Upstream Layout	159
8.3	Research & Development.....	159
8.4	Customers	159
8.5	Financials (1 USD ~ 7 CNY).....	159
9.0	Hunan Zhongke Electric Co., Ltd.....	163
9.1	Corporate Overview	163
9.2	Anode Material Business	164
9.2.1	Production Bases in China.....	164
9.2.2	Overseas Investments	165
9.2.3	Anode Material Production Method	166
9.2.4	Anode Material Products.....	166
9.2.5	Upstream Layout	168
9.3	Research & Development.....	168
9.4	Customers	171
9.5	Financials (1 USD ~ 7 CNY).....	171
10.0	Shijiazhuang Shangtai Technology Co., Ltd.....	174
10.1	Corporate Overview	174
10.2	Anode Material Business	174
10.2.1	Production Bases in China.....	174
10.2.2	Overseas Investments.....	175
10.2.3	Anode Material Production Method.....	176
10.2.4	Anode Material Products.....	179
10.2.5	Upstream Layout.....	180
10.3	Research & Development.....	181
10.4	Customers	185

GOLDEN DRAGON CAPITAL

10.5	Financials (1 USD ~ 7 CNY).....	186
11.0	Guangdong Kaijin New Energy Technology Co., Ltd.....	190
11.1	Corporate Overview	190
11.2	Anode Material Business	191
11.2.1	Production Bases in China.....	191
11.2.2	Overseas Investments.....	194
11.2.3	Anode Material Production Method.....	194
11.2.4	Anode Material Products.....	194
11.2.5	Upstream Layout.....	197
11.3	Research & Development.....	198
11.4	Customers	199
11.5	Financials (1 USD ~ 7 CNY).....	199
12.0	Shenzhen XFH Technology Co., Ltd	200
12.1	Corporate Overview	200
12.2	Anode Material Business	200
12.2.1	Production Bases in China.....	200
12.2.2	Anode Material Production Method.....	201
12.2.3	Anode Material Products.....	204
12.2.4	Upstream Layout.....	206
12.3	Research & Development.....	206
12.4	Customers	209
12.5	Financials (1 USD ~ 7 CNY).....	210
13.0	POSCO Future M Co., Ltd- South Korea.....	211
13.1	Corporate Overview	211
13.2	Anode Material Business	211
13.2.1	Production Centres in South Korea	211
13.2.3	Anode Material Production Methods.....	213
13.2.4	Anode Material Products.....	216
13.3	Research & Development.....	217
13.4	Financials (1 USD ~ 1,440 KRW)	218
14.0	Japan	219
	References	220
	Disclaimer.....	224

Figures

Figure 1: Schematic diagram of a lithium-ion battery (top) and battery package formats (bottom) — (a) coin, (b) cylindrical, (c) prismatic, (d) pouch.....	15
